2.2. Trial period

Once you have installed and started Labworldsoft 6 for the first time, you can use the software as Pro version for **30 days** by clicking on **Continue as trial** in the Product Activation dialog. After 30 days, it will not be possible to start Labworldsoft anymore. Make sure that you activate Labworldsoft before the 30 days expire.

If you need more time to evaluate Labworldsoft It is possible to extend the trial period. If you are interested in extending the trial version, get in contact with your sales contact.

3. Activate License

Activating Labworldsoft 6 allows you to use the software.

3.1. Important Information

When you buy a Labworldsoft 6 license, you will receive an *Activation Key*. You will need this Activation Key to activate Labworldsoft 6. If you have not received the Activation Key, get in contact with your sales contact, please. Do not lose your Activation Key. You will need this to complete the activation process and for all future inquiries.

There are two ways to activate the software: *Online* or *Offline*.

3.2. Online Activation
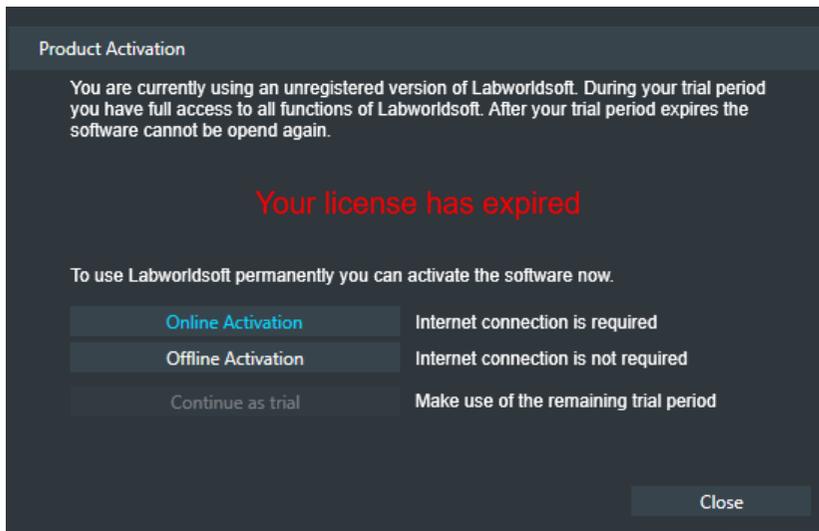

Connect the PC to the internet to use the online activation. If it is not possible to connect the PC to the internet, you have to proceed with the offline activation.

You need a *MyIKA* account to activate the software online. If you do not have a MyIKA account, yet you can easily create a new account by filling out the following form on the IKA website: *https://www.ika.com/owa/ika/myika.home*

As long as you have not activated Labworldsoft 6, this dialog will show up. To start the online activation click on the *Online Activation* button.

Login with your *MyIKA* account. If you do not have a MyIKA account yet, you can easily create a new account on the IKA website:
https://www.ika.com/owa/ika/myika.home

Enter the *Activation Key* you have received. You should have received an Activation Key via e-mail, on your invoice or printed on a separate document. If you have not received the Activation Key, get in contact with your sales contact.

Click on the *Activate* button to activate Labworldsoft 6. Enter all hyphens and the alphanumeric numbers.

If you are facing any problems get in contact with our IKA Licensing Team *rdlicensing@ika.de*
